

Say no to Net Free Zones

Say no to Recreational Only Fishing Areas

Feedback to Fisheries Queensland...

Dear Mr Bolton

- The marine resource belongs to all Queenslanders and commercial fishers work hard to provide wild caught seafood.
- Government has to stop 'gifting' my access to fresh local seafood to unaccountable, recreational fishing groups.
- Stop asking commercial fishers to give up their access rights to seafood stocks that belong to the community.
- Make recreational fishing groups more accountable to the Queensland community.
- Advise *The Boyne Tannum Hookup* group to reconsider the date of its event or better still, relocate to avoid causing issue for food producers.

I support Queensland commercial fishers who are an important part of the State's food production system.
